

S1500 FULLY RECESSED SINGLE LEAF

NO PROJECTION STEEL CONSTRUCTION

RECOMMENDED SPECIFICATIONS

Series 1500 Fully Recessed Single Leaf Counterweight door as manufactured by Mirage Industries Pty Ltd., Australia.

APPLICATIONS

Ideal for loading docks and car parks where continuous operation is required. Also suitable for street line frontages where no external projection is required.

FRAME

Constructed from steel hollow section and designed, in accordance with AS1170.2-2002, AS4100-1998, to withstand wind loading as required in the closed position and provide minimum deflection in the open position.

CLADDING

Colourbond®, Steel Sheet, Bar Grille, A.R.C. Mesh, Timber, Glass, etc. Discuss any other requirements with a Mirage rep.

OPERATION

Smaller doors may be operated by hand with a pull down rod being supplied if the door is too high to reach. Alternatively, it may be power operated by a single or 3 phase motor incorporating a differential drive system.

LOCKING

For manually operated doors, sliding pad-bolts to the bottom of each side. (Padlocks supplied by others).

FINISH

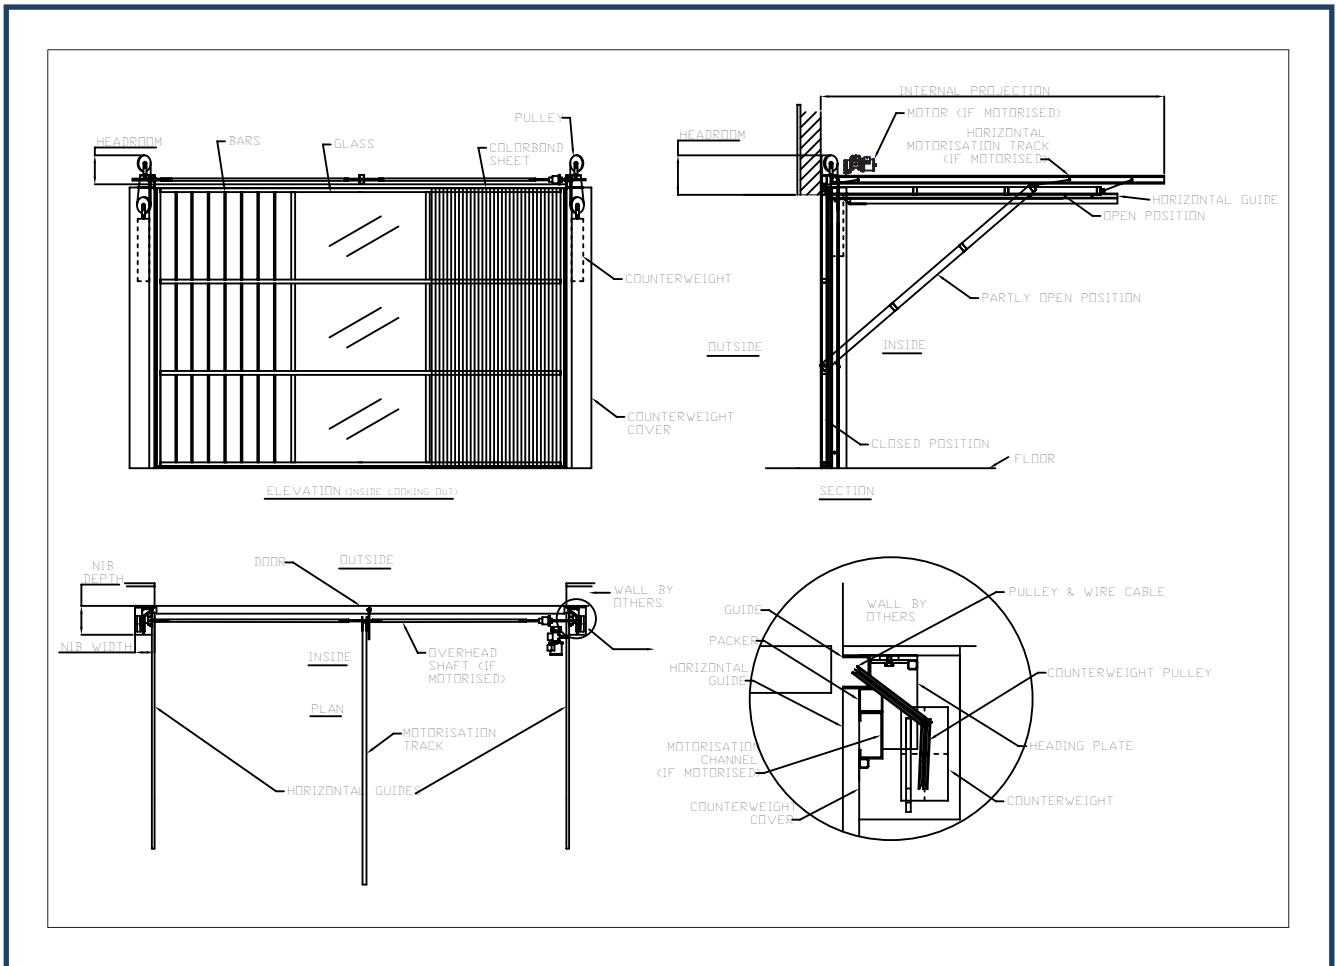

Standard finish on frames and channels, prime - painted. Other options include painting or powdercoating. Discuss any other requirements with a Mirage rep.

OPTIONAL EXTRAS

- Access doors within the door / outward opening.
- Motorised.
- Control systems that may include induction loops and /or photoelectric cells.
- Remote control.
