

MIRAGE

D O O R S

1MM THICK HEAVY DUTY STEEL ROLLER SHUTTERS

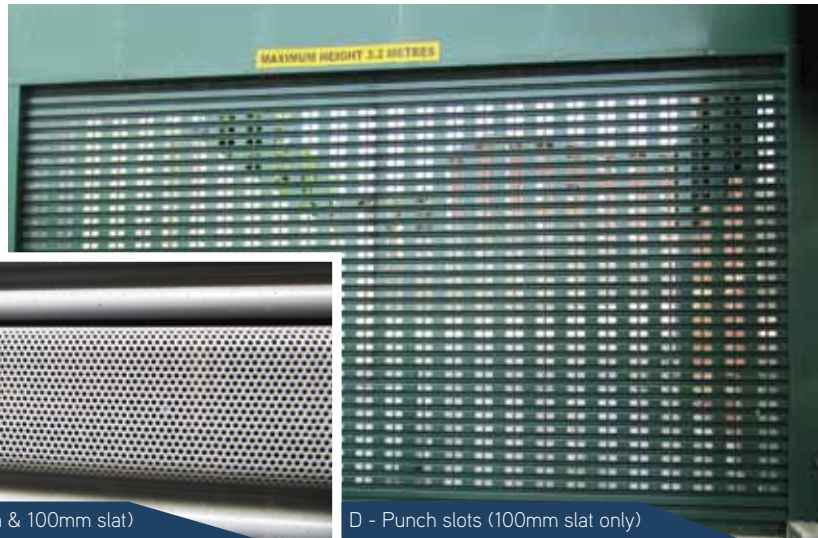

SERIES 75 & SERIES 100 ROLLFORMED SLATS

Solid 100mm slats

Solid 75mm slats

Multihole perforations (75mm & 100mm slat)

D - Punch slots (100mm slat only)

Mirage steel roller shutters are available with 75mm or 100mm wide slats, cater for the largest of openings and provide enhanced security. Additional strength is obtained by using windlock clips and guides.

APPLICATIONS

Mirage steel roller shutters are widely used in loading docks, car park entries and storage areas in warehouses, factories, mining, schools, tertiary institutions, correctional centres, defence force facilities, police stations and courthouses.

The Mirage steel roller shutters can be modified to meet with cyclonic or high windload specifications, fulfill high security requirements and also be used for high cycle usage.
